Q. What is my billing cycle?

A. Your billing cycle or Service Period can be found on the top right hand corner of the first page.

Q. When is my bill due?

A. Your bill is due on the Payment Due date stated at the top right corner of your bill.

Q. How will my bills be sent?

A. Your bills will be sent via email to the email address provided during sign up unless otherwise requested.

Q. Why is my first bill lower than it should be?

A. Your first bill is based on your sign up date. If your sign up date falls after the billing cycle begins, your subscription fee, minutes and data for that month only will be prorated. This can be seen on page 1 of the bill – Monthly Subscription Charge.

Q. Why is my bill higher than expected?

A. Digicel offers a range of services to best suit the needs of our customers. These services can only be added by you or if you make a request via a service representative. The following services are examples of services that can affect your bill amount:

- Ez Roaming Plan and any associated usage from roaming
- Caribbean Roaming Pass and any associated usage from roaming
- Data Add-ons
- 100 Anywhere Minutes
- 30 Rest of the World Minutes
- And other Premium services such as Digi Info, Magic Voice, Caller Tunes, 6411, Text to Win, Donation short codes or any other miscellaneous services you signed up for

You should also note that if your plan has an allotment of minutes, data and SMS messages and your usage exceed these amounts, or any fair usage policy is quoted, any such additional charges will be reflected in your bill. Further, if you roam without activating a roaming plan, such additional charges will also be reflected on your bill. Factors such as these will result in your bill being higher than expected.

Q. How can I check my bill balance?

A. You can check your current account balance via the My Digicel App or by dialing *120# on your Digicel mobile.

B. To view your last bill amount via the My Digicel App, click menu, "My Bill" then "Mobile" or dial *196# from you Digicel Mobile. If payments are made at a Digicel outlet or through any Digicel online services, please allow 24hrs for the updated balance to reflect on My Digicel App and payments made through any 3rd party outlets, please allow 72hrs for the updated balance to reflect on My Digicel App.

Q. What happens if I don't pay my bill on time?

A. If your bill is not fully paid by the Payment Due date, your account will become one way barred. Late fees and the monthly subscription charges will continue to be applied until the account is disconnected. Please note that outstanding amounts are outsourced to external debt collectors for recovery and you will be responsible for any additional costs. Further, please note that the failure to pay amounts in full when due to Digicel can adversely impact your credit rating.
